

Get My Dough

Ester Dean

They say love is rich so I sold it all
My packkeys is thick so no free for all
We got is now
So I pick 'em up just to lay dem down I'm not a slut, I'm not a tramp, I'm not a whore
But I'mma get my dough
Ain't selling that, just take a cash before I kiss him back
Gotta get my dough One little boy got kiss but the other one
Show me the money and the money got the other one, bang
One little boy got kiss but the other one
Show me the money n the money got that other one, bang
They say time it's precious, spend all you want as long as you pay up
No kiss if your don't
We got is now,
So I pick 'em up just to lay dem down I'm not a slut, I'm not a tramp, I'm not a whore
But I'mma get my dough
Ain't selling that, just take a cash before I kiss him back
Gotta get my dough One little boy got kiss but the other one
Show me the money and the money got the other one, bang
One little boy got kiss but the other one
Show me the money n the money got the other one, bang Lil one, little boy got kiss but the other
one
Show me the money n d money got the other one bang
Bang, bang
One little boy got kiss but the other one
Show me the money and the money got the other one, bang
One little boy got kiss but the other one
Show me the money but the money got the other one, bang
