

# Disposable Parts

Enon

In the flesh

Instant cash

Something great

To sit on the shelf

From the things that I want to do

I will shape and then forget about you

And in my pocket I can keep you

Put you away for another day

To find you every time I need you

Throw you away when the flavor goes out

You can take your adoration and your tin little heart

You will never get to take me with disposable parts

You can waste your adoration and your tin little heart

You will never get to take me with disposable parts

In a dress

To guess

Then you taste  
And let it go to waste

In your face  
Pure grace  
Be replaced  
With something else behind you

And in my pocket I can keep you  
Put you away for another day  
To find you every time I need you  
Throw you away when the flavor goes out

You can take your adoration and your tin little heart  
You will never get to take me with disposable parts
