

# Just Because

Joyner Lucas

Just because  
Just because  
No smoke, damn  
I just wanna vibe  
Wanna ride with you ghosts, yeah  
Pour it, drink it, coast, yeah  
No smoke, damn  
I just wanna vibe  
Wanna ride with you ghosts, yeah  
Pour it, drink it, coast, yeah  
When's the last time that you called, just because  
Said hello, just because  
When's the last time we got drunk, just because  
When's the last time that we fucked, just because  
You promised you won't change up, just because  
I know you work in the morning but tonight girl we should stay up, just because  
Pop some champagne in the tub, just because  
I said when's the last time we made love, just because Just 'cause we ain't got shit to do  
Lately you been so predictable,  
I just need, I just need someone to listen to  
Damn it I miss when you strip for no reason, I mean just for no reason  
Shopping and buying me gifts for no reason, now all you do is throw fists for no reason  
That shit's so depressing, I miss how it used to be  
Now you just got used to me, used to how usually you get when I'm in your space  
Now it don't feel like our vibe is the same  
I think we so routine, it's disgusting  
Lately girl, we been so structured  
I mean how can we be so reluctant  
I just want the same person I fell in love with  
'Cause when's the last time that you called, just because  
Say hello, just because  
When's the last time we got drunk, just because  
When's the last time that we fucked, just because  
I promise I won't change up, just because  
Let's be real, just because  
Chef up a meal in yo heels, just because  
Throw on some Netflix and chill, just because  
Tell me, when's the last time we went out, just because  
Left the house, just because  
When's the last time I went down, just because  
When's the last time you got loud, just because, tell me  
When's last time I said I'm proud, just because

Make you smile, just because  
Act like some kids and play house, just because  
Throw on some jams and get loud, just because  
Just 'cause you're special, don't let your job get the best of you  
That's when you get the best of me  
I feel we ain't been connecting mentally  
I hope that you don't think any less of me, dammit I miss when you strip for no reason  
I mean just for no reason  
Showers at night, candles lit on some sweet shit  
Now all we do is throw fists for no reason, that shit's so depressing  
I blame myself, maybe it's my fault  
Fuck it girl just take your top off  
That make up sex, wake up next morning and hop on that Spaceship cruise all of the places that  
got lost in translation  
Lets take your mind off it  
Lately girl we been so structured  
I'm so in love, I just need you to trust it  
You just want the same person you fell in love with  
'Cause when's the last time that I called, just because  
And said hello, just because  
When's the last time we got drunk, just because  
When's the last time that we fucked, just because  
I promise I won't change up, just because  
You know I work in the morning but tonight girl, we should stay up, just because  
Pop some champagne in the tub, just because, hold up  
When's the last time we went out, just because  
Left the house, just because  
When's the last time I went down, just because  
When's the last time you got loud, just because, baby  
When's the last time I.. (hehe)  
Make you smile, just because  
Act like some kids and play house, just because  
Throw on some jams and get down, just because  
Just 'cause  
I love you  
No smoke, damn  
I just wanna vibe  
Wanna ride with you ghosts, yeah  
Pour it, drink it, coast, yeah  
No smoke, damn  
I just wanna vibe  
Wanna ride with ghosts, yeah  
Pour it, drink it, coast, yeah  
When's the last time that you called, just because  
Say hello, just because  
When's the last time we got drunk, just because  
When's the last time that we fucked, just because  
I promise I won't change up, just because  
I know you work in the morning but tonight girl we should stay up, just because

Pop some champagne in the tub, just because  
Hold up, when's the last time we went out, just because  
Left the house, just because  
When's the last time I went down, just because  
When's the last time you got loud, just because, hold up  
When's last time I said I'm proud, just because  
Make you smile, just because  
Act like some kids and play house, just because  
I love you  
Yo wassup, this is Joyner  
I'm unable to take your call right now  
Leave me a brief message and I'll get back to you, peace  
Hey baby, this is Grandma  
I just called to check in on you, make sure everything is okay  
I haven't heard from you  
Give Grandma a call back, I love you
