Earning check just by myself
I switch down and shoot the gas tank
I switch down and get my phenix wet
My bitch getting good head
Riding round on mo-peds
My bitch off the percocets
Pop that bean and count in debt
Yeah she suck me I can't feel my legs
My bih yuck she don't use no hands
Dance where the diamonds dancing
Dance where the diamonds dancing
That why you can't buy them bags
In LA i smoke that gas

Them bitch we keep, she gave it back
I fuck that bitch and gave her back
I nut on her she keep me 'laxed
That gun on me I keep that leg
Your bitch right, she got it clapped
Looking dap boy, young gone get clapped
I took that lil boy right off the map
We killed that boy right here right in the trap
I love my lean I fucked, I fuck then I relapse
I fucked that bitch, he running round in laps
You touch down in my city, you better tell
That bitch right here, you know she gotta tell
I've seen that bitch run round in Nudy's cap
That bitch with me and now she on her pad
Im in south side, and I'm waiting on it to crash
Im in south side, and I got the gat

Im in south side, and I hang with blood
I'm in south side, yeah yeah yeah yeah yeah
Too much lean, too much ice
One more pint, one more pipe
Too much lean, too much ice
I'mma bite, one more bite
One more bite, one more bite
One more bite, one more bite
Too much lean, too much ice
One more bite, one more bite
