

One Number Away

Luke Combs

[Verse 1]

Are you sitting at home, all alone, trying to fall asleep?
Are you staring a hole through your phone, praying that it rings?
Are you watching a movie that you've seen a thousand times?
Or maybe playing some Mayer, getting lost in your favorite lines

[Pre-Chorus]

Well, if you're anything like me
You just might be doing whatever it takes
To drown out the noise
But I just wanna hear your voice

[Chorus]

I'm one number away
From calling to you
I said I was through
But I'm dying, inside
Got my head in a mess
Girl, I confess
I lied when I said
"I'm leaving and not coming back"
Might be the whiskey or the midnight rain
But everywhere I go, I see your face
In my brain, dial it up, everything I wanna say
But I'm still one number away

[Verse 2]

Are you stuck at a red light with a Marlboro Light on your lips?
Does the smoke in your mirror get clearer without my kiss?
Are you changing the station replacing our favorite songs?
Well maybe it's a mistake, hit the brakes on the moving on

[Pre-Chorus 2]

Well, if you're anything like me
You just might be doing whatever it takes
To outrun the storm
But I'm almost out that door

[Chorus]

And I'm one number away

From calling to you
I said I was through
But I'm dying, inside
Got my head in a mess
Girl, I confess
I lied when I said
"I'm leaving and not coming back"
Might be the whiskey or the midnight rain
But everywhere I go, I see your face
In my brain, dial it up, everything I wanna say
But I'm still one number away

[Bridge]

Will you pick up when I call?
Or just forget we loved at all
We don't have to talk
I just wanna hear your voice

[Chorus]

And I'm one number away
From calling you
I said I was through
But I'm dying, inside
Got my head in a mess
Girl, I confess
I lied when I said
"I'm leaving and not coming back"
Might be the whiskey or the midnight rain
But everywhere I go, I see your face
In my brain, dial it up, everything I wanna say
But I'm still one number away

[Outro]

Away, away
Yeah I'm still one number away
