

# Turn Up the Love (feat. Cover Drive)

## Far East Movement

We are one tonight  
And we're breathing in the same air  
So turn up the love  
Turn up the love  
We're turnin' up the love(whistle) (whistle) (whistle) (whistle) (whistle)Just turn it up now!  
Get it poppin', hop the molly  
Dirty bass, we're so body body  
Too legit, we can't quit the partySuper freaks, no Illuminati  
So one two hit the booze  
We on YouTube, nothing to lose  
So let it loose 'cause the sheep don't sleep  
Like pop pop pop pop (alright)  
Drop low to the L O  
V E gotta get low  
So clap your hands, clap clap your hands  
I got nothing but love to giveTurn it up  
Turned up you don't hear me no  
Here's some love for your stereo  
So clap your hands, clap clap your handsI got nothing but love to give  
We are one tonight  
And we're breathing in the same air  
So turn up the love  
Turn up the loveWe're turnin' up the love  
We are one tonight  
And we're breathing in the same air  
So turn up the love  
Turn up the love  
We're turnin' up the love  
Go ahead now floss your love like a heart of gold  
Dirty bass will make your pussy fallIf you go low on the floor  
I got a crew that will handle that cookie jar  
Damn girl, I ain't tryin' to be rude  
Spread love like a guest list you plus twoThat's what you call a move  
Like pop pop pop pop (alright)  
Drop low to the L O  
V E gotta get low  
So clap your hands, clap clap your handsI got nothing but love to give  
Turn it up  
Turned up you don't hear me no  
Here's some love for your stereoSo clap your hands, clap clap your hands  
Like pop pop pop pop  
Turn me on like this your song

Dirty bass got love to give Turn it up now  
Mad monopoly all night long  
Dirty bass got love to give  
Yo, let me see that grill from here to here  
So much love in the atmosphere The good times roll with me right here  
I got nothing but love to give  
We are one tonight  
And we're breathing in the same air  
So turn up the love  
Turn up the love  
We're turning up the love  
We are one tonight  
And we're breathing in the same air  
So turn up the love  
Turn up the love  
We're turnin' up the love  
Just turn it up now  
Turn it up now  
Dirty bass got  
Love to give  
Love to give  
Like pop pop pop pop
