

# My Superhero

Toneisha Harris

[Verse 1]

Strength and courage  
That's what it takes to find  
Reaching toward the future  
In darkness, be the light[Pre-Chorus]

You?wonder?why  
But the answers?will not come  
Just hold on  
You're not?alone

[Chorus]

I'll fight for you  
I'll stand with you  
Everyone could not endure?the?things?that you do  
You'll?make it through  
I?believe in you

My superhero[Verse 2]

The battles overwhelming  
It's overshadowed by your grace  
Fear, it tries to grip your heart  
While the tears stain your face

[Pre-Chorus]

But you just rest  
And let the healing come  
Just hold on  
You're not alone

[Chorus]

I'll fight for you  
I will stand with you  
Oh, everyone could not endure the things that you do  
Mmm, you'll make it through

Oh, I believe in you

My superhero

Mmm[Bridge]

Oh, oh, oh, oh

Oh, oh, oh, oh

Oh, oh, oh, oh

My hero

Oh, oh, oh, oh

Oh, oh, oh, oh

You are, you are

My hero[Chorus 2]

Yeah, you give me strength

To know that I can make it another day  
Yes, you are my hero  
And you make me brave  
Truth is, it was my life that you saved  
Thank you for being my superhero  
Oh
