I like my Fanta with no ice
She said my lifestyle is no nice
But my woody so good it make her blow twice
Why you don't grind? You no like money
We spend money like we no like money
She love a ugly man making pretty money
And I'm a ugly man making sexy money And I just wanna get friendly with her
Wanna get friendly with her
You see a big batty, where ya find that?
Make her pull up and rewind that
I just wanna get friendly with her
Wanna get friendly with her
You see a big batty, where ya find that?
Make her pull up and rewind that
I get fried with my jiggas
Or the bowcats can smoke the roaches
Mr Ugly, what, you didn't notice?
Mr Ugly even Mama knows this
And I got something for you cock-a-roaches
Them man move janky, you nah mean?
Them man move fishy like sardine
They wanna watch me while I'm watching Charlene
Her big batty jump in the whip and make the car lean Hey, big batty gyal, good evening
I can see that your chicken needs seasoning (flavour)
Big batty gyal, good evening
I can see that your chicken needs seasoning
Baby bend over and break your back
Bring your friend over and break your back
The way she bend over and break her back
I nearly fell over and broke my back
