If love had its way
I'd build you a smile
And make it sing and last...
For more than just a while If I was a waterfall
I'd fall and flow into you (Lots of Oh's and OOH's) Por que no dice' que me quieres (3x) Why
don't you say you love me? Por que no dice'... (2x)
Por que no dice'...
If love had its way
I'd build you a smile
And make it sing and last...
