Hook

Racing, racing, racing for you
You got drive I can't control
Way too, way too, way too?loyal
Crazy.?You make crazy?normal

Work it out let me employ?you
School of life. Let me Enroll you
Just my type I'm pleased to know you
Sexy sexy I need more of you
(I need you that's all the time.)

Verse

Put it on God she don't blend with the crowd
Even when seated. She's still standing out
Come take a ride with me in Noah arch
That boy be superman. He ain't no Clark
You want it, I got it you need it
Loyal I pledge my allegiance
Motive is dark as your secretes
We fuck, give fuck bout your feelings
Doing me I'm on my grind
Nothing new is no surprise
It's hard to meet on common ground
Coz you a queen you were crown

Hook

Racing, racing, racing for you
You got drive I can't control
Way too, way too, way too loyal
Crazy. You make crazy normal

Work it out let me employ you
School of life. Let me Enroll you
Just my type I'm pleased to know you
Sexy sexy I need more of you
(I need you that's all the time.)
