

# Rollin (feat. Becky G)

Austin Mahone

Hold on, where you goin', pretty lady?  
I'll take you for a ride, I can see it in your eyes  
Wanna hop up in my passenger seat, baby  
We'll take the city by surprise, it's just me and you tonight  
Now, yeah we ride a little, freak  
Ain't slowin' down, won't stop for nothin', 'less we on E  
Now, yeah, love the way you're lookin' at me  
The wind all up in your hair, and we rollin', just me and you  
Baby we can go wherever you want  
Are you with me? Why don't you take the seat in the front?  
And we rollin', we rollin', your hands are all on me  
Doin' 95 in a '65, tryin' to chase eternity  
And I want you with me  
We rollin', we rollin'  
Girl I got some soda, ain't you noticed?  
But Luther ain't the only thing playin' through my bones  
Got a feeling, I can't shake it, girl I'm hopeless  
I gotta have you right here with me  
Now, yeah we ride a little, freak  
Ain't slowin' down, won't stop for nothin', 'less we on E  
Now, yeah, love the way you're lookin' at me  
The wind all up in your hair, and we rollin', just me and you  
Baby we can go wherever you want  
Are you with me? Why don't you take the seat in the front?  
And we rollin', we rollin', your hands are all on me  
Doin' 95 in a '65, tryin' to chase eternity  
And I want you with me  
We rollin', we rollin'  
I love it, I love it, I love it  
I love it, I love it, I love it  
Bring it back, bring it back  
Boy you make my heart stop, heart attack  
Windows down and we goin' fast  
Don't care where we goin' next  
As long as it's you, me with the radio loud  
Sun shinin' bright while we're cruisin' your town  
East side of the west side  
By you is the best side  
I could do this every day  
No, no don't step on the brakes  
Munchin' on that Chick-fil-a  
Off of fries and a large lemonade  
I love when we up in the streets  
Down by my hood or the beach  
Got one hand on my thigh, other hand on the window  
It don't get no better than me  
Baby we can go wherever you want

Are you with me? Why don't you take the seat in the front?  
And we rollin', we rollin', your hands are all on me  
Doin' 95 in a '65, tryin' to chase eternity  
And I want you with me  
We rollin', we rollin'
