

# Came Here to Forget

Blake Shelton

[Verse 1]

Girl, you're getting over him and I'm getting over her  
The eyes have it made, ain't gotta say a word  
Misery loves company, that's why it's you and me  
Buying each other drinks  
Back at the bar, as thick as thieves  
Stealing these little sips  
Doing our best to make the best of the worst of it

[Chorus]

Keep playing them songs, keep singing along  
Keep leaning it on in closer  
Keep salting the rim, getting even with her and with him before the night is over  
That first kiss was like a Colorado hit  
We better keep on keeping it lit  
'Til we can't remember, can't remember  
What we came here to forget

[Verse 2]

Go ahead and check your phone, like I've been checking mine  
Nobody's ex is texting for a rewind  
Looks like it's just me and you  
Falling in love just enough to get us through  
What we're get'in through

[Chorus]

Keep playing them songs, keep singing along  
Keep leaning it on in closer  
Keep salting the rim, getting even with her and with him before the night is over  
That first kiss was like a Colorado hit  
We better keep on keeping it lit  
'Til we can't remember, can't remember  
What we came here to forget (yeah)  
Just what we came here to forget

[Bridge]

Looks like it's just me and you  
Falling in love just enough to get us through  
What we're getting through

[Chorus]

Keep playing them songs, keep singing along  
Keep leaning it on in closer  
Keep salting the rim, getting even with her and with him before the night is over  
That first kiss was like a Colorado hit  
We better keep on keeping it lit  
'Til we can't remember, can't remember  
What we came here to forget

[Outro]

What we came here to forget  
What we came here to forget  
Baby, baby  
That's what we came here to forget
