

Bossanova

Lil Tecca

Yeah, oh my, oh my god
Oh my, oh my god, oh my
Oh my, oh my god, oh my Oh my (uh, uh-uh-uh-uh)
(Nick, you're stupid) My baby she flexing all up on my blessings
I get a flash, nigga with baguettes
We just seen a opp and we sent 'em to heaven
And it been so long, so the vibe so distant
She singing Lil Tecca, so she let me hit it
Didn't respond to the text, nigga but I read it
She told me she love me, nigga had to dead her
Run to the pack lil' nigga gotta get it
I don't know, are you gang slime?
I don't know your gang sign
I don't know your intentions with my energy, see you later
She said "Oh my God" like Lil Keed
And you givin' me stress, baby I don't need
She said that she love me, she fuck on my team
How you say that you love me and fuck on my team? I'm countin' the cash, yeah I count the
green
I'm countin' the cash, yeah I count the blue
I got no pressure, nigga game two
You know that you poppin' if they hate you
I use it as motivation, 'cause I know that I'm going to be greatness
Spin your block like tornado
You a lost nigga, you are outdated Put me in Olympics, I run to that sack
I feel like a doctor she give me that back
I say, yo wave pass the meth
Finessin' that pack and I might get it back
Always grindin', nigga I cannot slack
I fucked your bitch, ha, that's a fact
I fucked yo' ho, nigga that's a fendi
I mixed the Prada nigga wit' the Fendi
I fuck on yo' bitch her name Betty
You fall in love then it's deady
'Cause I don't need no one, I don't know if I'm ready
I ain't goin' to the party baby, we go to the getty
I ain't tryna touch you baby, shawty you jus' met me My baby she flexing all up on my blessings
I get a flash, nigga with baguettes
We just seen a opp and we sent 'em to heaven
And it been so long, so the vibe so distant
She singing Lil Tecca, so she let me hit it
Didn't respond to the text, nigga but I read it

She told me she love me, nigga have to dead it I don't know, are you gang slime?
I don't know your gang sign
I don't know your intentions, but my energy see you laid out
She said "Oh my God" like Lil Keed
And you givin' me stress, baby I don't need
She said that she love me, she fuck on my team
How you say that you love me and fuck on my team?
