

White Trash

Orchestral Manoeuvres In the Dark

White trash, livin' next door,
They don't clean up, they throw beer cans on the floor.
Their not very smart, an they stink,
They like to wash there hair in my sink.
They got 16 cats on their front porch,
They like to brush their teeth with a blow torch.
Sewer hole on their front lawn,
Anything they steal they go and they pawn.
They sweep the grass into the drain,
Cloggin' it before it's starts to rain.
White trash, white trash, white trash,
White trash, white trash, white trash
(useless mother fuckers)
White trash, white trash, white trash,
White trash, white trash, white trash,
White trash.
Bandanna wearin', gray matted hair and rotting teeth,
Given me the creeps.
Motor home, engine blown,
They feed their pets chicken bones.
White trash, white trash, white trash,
White trash, white trash, white trash
(useless mother fuckers)
White trash, white trash, white trash,
White trash, white trash, white trash,
Livin in the house, next to mine their hairs infested with louse
Dirt in toes finger nails
Cleaning threw my garbage pails
Jammin' all night on their walky talky hands
Are calloused, bruised and chalky.
Got the pool, (got the pool) filled with slime any work is a waist of their
Time.
White trash, white trash, white trash,
White trash, white trash, white trash
(useless mother fuckers)
White trash, white trash, white trash,
White trash, white trash, white trash,
White trash.
Glue eatin', wife beatin', weed eater at the theater,
They sleep all day,
They like to get paid with welfare checks buyin' soloflex.
White trash, white trash, white trash,

White trash, white trash, white trash
(useless mother fuckers)
White trash, white trash, white trash,
White trash, white trash, white trash,
White trash.
{ asshole }
