

No Money

Galantis

[Intro]

Sorry, I ain't got no money
I'm not trying to be funny
But I left it all at home today
You can call me what you wanna
I ain't giving you a dollar
This time I ain't gonna run away
You might knock me down
You might knock me down
But I will get back up again
You can call it how you wanna
I ain't giving you a dollar
This time I ain't gonna run away
(Run away, run away)

[Chorus]

This time, this time, this time
This time I ain't gonna run, run, run, run
Not this time
Not this time
Not this time
(Not this time)
(Run, run, run)

[Verse]

Sorry, I ain't got no money
I'm not trying to be funny
But I left it all at home today
You can call me what you wanna
I ain't giving you a dollar
This time I ain't gonna run away
You might knock me down, you might knock me down
But I will get back up again
You can call it how you wanna
I ain't giving you a dollar
This time I ain't gonna run away
(Run away, run away)

[Chorus]

This time, this time, this time

This time I ain't gonna run, run, run, run
Not this time (Run, run, run)
(Run, run, run)
Not this time (Run, run, run)
This time I ain't gonna run, run, run, run
Not this time
Not this time
Not this time
Not this time
Not this time
