2 Minute Warning (feat. K-Ci & JoJo & Detail)

TWENTY88

We been together
Over and over again
Feelings the same (ooh)
Can't stay so far
Too far apart
Even if it's just a mile away
Its a two minute warning
And i know that you want it
Its a two minute warning
And i know that your horny
It's a two minute warning
And i know that you want it
It's a two minute warning
And i know that your horny
It's a two minute warning
(yeah yeah you)
You gon make me quite what im doing and fall through this bottle
That ain't the only thing you finna swallow
That ain't the only thing i got poppin
That the only thing that's finna spill quick
No rubber shit, imma still hit you
My main bitch and that's real real real real shit
And imma treat like we on Vay Kay South Beach yeah
Only thing you wearing is sheets yeah
Talking to you like a lil freak bitch
Cause that's our little secret
When i come through off in my zone
Not that fucking friend zone
Only thing i touch is that end zone
Look i dont care ten phone they off
Straight up you got legs going way up
When you hop on top and turn around i can't handle it
At my casa like a pamplet
You got a candlist
Man i put a candle in
Bed banging like a bandaly
You know i can spend all night in camping
You know i like to tell you what to do
I micro manage it
Yeah, that's so clean
She so clean
I turn her over and eat the pussy cause she soo clean

Im talking mouth to mouth
Im talking cheek to cheek
Im talking waist to waist
Im talking eye to eye
You know body language
We dont need to speak
Its a two minute warning
And i know that you want it
Its a two minute warning
And i know that your horny
It's a two minute warning
(yeah yeah)
Yeah
Yo time ain't no one else time
Look, i know you can feel the passion
I know what you want without asking
I know you can feel the heat between us
Close the blinds they don't need to see us See i get to see a side of you that they don't see or know
You a CEO
You the real real no GMO
Im just tryna water you and see you grow
We connect on a soul level
Got you walking all boldlegged
Dont take it out woah woah woah you know better
Got videyay you strip it down and get it naked
I throw it down slow it down and speed it faster than a tilla degit
Get you off turn you on yeah im the only that activate you
So good girl i couldn't one night stand you know i had to date you (I had to, I had to)
If you call me (if you call)
Come running
In the daytime (in the daytime)
I'll come running
In the evening (in the evening)
I'll come running
Until noon time (in the noon)
I'll come running
It's a two minute warning
And i know that you want it
Its a two minute warning
And i know that your horny
It's a two minute warning
Yeah i love how you rushing
Ain't no discussion
Quick to flexin yo muscles
Show me the hustle
Give me that lasco
That night thinning

That quick quick that 2 minute we finish
