# Hard Livin'

## Chris Stapleton

I used to love to look for a fight
I'd get drunk and shoot out the lights
I was known to get outta hand
A rough and rowdy honky tonk manNever thought it would happen to me
But this hard livin' ain't as easy as it used to beI looked a lot, but I've never found
A woman that could settle me down
I been known to have a good time
No, I could never walk the lineNever thought it would happen to me
But this hard livin' ain't as easy as it used to beNever thought it would happen to me
But this hard livin' ain't as easy as it used to be
Woo!
