

Watch the Dance

Tuxedo

No matter what your circumstance just turn and watch the dance(watch the dance, watch the dance, dance!)

No movement puts you in a trance, just turn and watch the dance (watch the dance, watch the dance)

Forget about that dull romance, just turn and watch the dance (watch the dance, watch the dance, dance!)

You may not get another chance, just turn and watch the dance (watch the dance, watch the dance)

Just watch the dance now, watch the dance now

Just watch the dance now, watch the dance

Just watch the dance now, watch the dance now(now)

You know there's something about the way she does it

A recipe that's guaranteed to turn you on

And always got you thinking of it

No matter what your circumstance just turn and watch the dance(watch the dance, watch the dance, dance!)

No movement puts you in a trance, just turn and watch the dance (watch the dance, watch the dance)

Forget about that dull romance, just turn and watch the dance (watch the dance, watch the dance, dance!)

You may not get another chance, just turn and watch the dance (watch the dance, watch the dance)

She's got me undivided, it's got me so excited

Just turn around again and play me like a violin

She pick it up and drop it, I'm reaching for my pocket

No women over it she'll take what she can get it (?)

She's got me undivided, it's got me so excited

Just turn around again and play me like a violin

She pick it up and drop it, I'm reaching for my pocket

No women over it she'll take what she can get it (?)

She's got you smelling like her favorite perfume

She's knows over, you can see it in her smile

And now there's no where else to turn to

No matter what your circumstance just turn and watch the dance(watch the dance, watch the dance, dance!)

No movement puts you in a trance, just turn and watch the dance (watch the dance, watch the dance)

Forget about that dull romance, just turn and watch the dance (watch the dance, watch the dance, dance!)

You may not get another chance, just turn and watch the dance (watch the dance, watch the dance)

Just watch the dance now, watch the dance now(now)

Just watch the dance now, watch the dance
Just watch the dance now, watch the dance now(now)
