

It Won't Stop (feat. Chris Brown)

Sevyn Streeter

I love when you pullin' up in your Jeep, bumpin' all your beats
Js on, with your shades on, just to bring me something to eat...
You the man up in these streets, but when it comes to my heart
That don't mean a thing, no...So I hop up in your ride - Ooh, it's hot as hell outside
Got the top down with the doors off with your hand on my thigh...
Drive slow... take your time...Every little thing you do got me feeling some type of way;
(Way...)
When you gimme that thunder, you make my summer rain...
(Oh-oh-oh, oh-oh oh-oh...)
(Oh-oh-oh, oh-oh oh-oh...) Every day, every day...And it won't stop... (Boom, boom, boom...)
And it won't stop... (Boom, boom, boom...) Yeah...
With every single part of me (oh), my love for you is constantly (oh)
Forever and ever on repeat (oh), on repeat
And it won't stop... (Oh, oh, ooh, ooh...)I love when we pulling up to that beach, sand all in my
feet
Sun down, nobody 'round - that's one hell of a scene...
You rockin' my body, rock, rock the boat - Aaliyah - don't it sound familar?'Cause it feels like
ah-ah, ay-ay, lookin' up into spa-ace
It's just me and my ba-ae, and it feels so ama-azing
Oh, ooh... all night, whoa...Every little thing you do got me feeling some type of way; (Way...)
When you gimme that thunder, you make my summer rain...
(Oh-oh-oh, oh-oh oh-oh...)
(Oh-oh-oh, oh-oh oh-oh...) Every day, every day...And it won't stop... (Boom, boom, boom...)
And it won't stop... (Boom, boom, boom...) Yeah...With every single part of me (oh), my love
for you is constantly (oh)
Forever and ever on repeat (oh), on repeat
And it won't stop... (Oh, oh, ooh, ooh...)
Every day... every day, I can't breathe
You take my breath away from me - Here's my heart, you got the key...
Put that on eternity - I love you til infinity
Infinity, infinity, infinity, infinity...
My babe... my everything
And when I think about it, don't be making me wait, baby...
It won't ever stop, my heart won't skip a beat, baby
And it'll keep goin' on, goin' on, goin' on...
And it won't stop... (Boom, boom, boom...)
And it won't stop... (Boom, boom, boom...) Yeah...
With every single part of me (oh), my love for you is constantly (oh)
Forever and ever on repeat (oh), on repeat
And it won't stop... (Oh, oh, ooh, ooh...)
