

NO EXCUSES

NEEDTOBREATHE

[Verse 1]

I've got this feeling in my bones
That you find a solace in shadows
I don't wanna find out you're going 'round my back
Why you wanna bring me these sorrows?

[Chorus]

'Cause there's no excuses for what you're doing
There's no excuses for what you're doing

[Verse 2]

Girl, I've been your lover since high school
Everything I did, I did for you
If you're gonna tighten this rope around my neck
Girl, you better know I'm gonna fight it

[Chorus]

'Cause there's no excuses for what you're doing
There's no excuses for what you're doing
'Cause there's no excuses for what you're doing
There's no excuses for what you're doing

[Guitar Solo]

[Chorus]

There's no excuses for what you're doing
There's no excuses for what you're doing
