

# Concentrate On You

L.T.D.

You're a silhouette of splendor  
I love to remember  
Oh it helps me through these hours I spend  
Away from you  
People wonder how I do it  
Oh it ain't nothin' to it  
These gentle thoughts of you  
Makes it worth goin' through  
You gave me a special kind of feelin`  
Makes it so easy and oh so pleasin'  
To concentrate on youConcentrate on you  
It takes separation  
To bring appreciation  
And I want to thank you for all the love too  
The secret lies within our minds  
The love we share and the time that binds  
Help me concentrate on youConcentrate on you  
Concentrate on you  
Concentrate on youThe secret lies within our minds  
The love we share and the time that binds  
Help me concentrate on you  
Do you remember?  
When I used to come by  
And pick you up and take you out  
We had a love call, yes we did girl  
And it went something like this...  
(Love call)Ha, ha, that was our love call  
And in a distance I heard you say(Love call)And I'd say, that's my sweet baby  
That's my sweet baby  
And you know what, it would always  
Make me, make me sit downAnd concentrate on you  
Concentrate on you...
