

# Coming Over (feat. James Hersey)

Dillon Francis & Kygo

Is it alright if I come round  
Is it too late if I come now  
Would you stay up to figure this out  
Some way  
If I stay here would you come back  
If I stay cool would you be mad  
Would you want me if I want you  
That way 'Cause all I can think about is coming over, coming over  
All I can think about is coming over, coming over  
All I can think about is coming over, coming oh, coming over  
Isn't it strange?  
Oh, oh, oh, oh  
Isn't it strange?  
This song, oh, oh, oh  
Isn't it strange?  
Oh, oh, oh, oh  
Isn't it strange?  
This song, oh, oh, oh Isn't it strange that every time  
I look at your name I'm suddenly high  
For you to feel the same I would do almost anything  
I'd give away this, give away that  
All of my shoes and all of my hats  
All I need's you and a bit of music 'Cause all I can think about is coming over, coming over  
All I can think about is coming over, coming over  
All I can think about is coming over, coming oh, coming over  
Isn't it strange?  
Oh, oh, oh, oh  
Isn't it strange?  
This song, oh, oh, oh  
Isn't it strange?  
Oh, oh, oh, oh  
Isn't it strange?  
This song, oh, oh, oh 'Cause all I can think about is coming over, coming over  
All I can think about is coming over, coming over  
All I can think about is coming over, coming oh, coming over
