

# Nobody's Lonely Tonight

[Chris Stapleton](#)

Sittin' here  
It's closing time  
You've got your troubles  
And I bet they're just like mine  
Somebody told you goodbye I know a way can't go wrong  
Nobody leads nobody on  
Nobody's lonely tonight What's love but just some illusion we believe  
What's love but just some confusion we don't need What's love but just some illusion we believe  
What's love but just some confusion we don't need  
You'll be her  
And I'll be him  
For a while we'll pretend  
Nobody's lonely tonight
