

Lettin' the Night Roll

Justin Moore

That water tower's got the sun goin' down behind it.
If there's a good time in this town, girl, we're gonna find it.
You look so damn good climbin' up in my Chevy
Tryin' to play it cool but I knew already
By the way you looked in the dashboard lights
It was gonna be one of those nights. Got the Kenwoods bangin' that rock 'n' roll.
Whisper to me baby, where you wanna go?
I can ride ya 'round town or drive ya down some old back road.
I love the way ya lean that seat back,
Steal my ball cap, pull it down over your blue eyes
Watchin' your hair fly out the window
Lettin' the night roll
And I can't wait to see where it goes.
We can run the reds down Main Street dodgin' the blue lights
Or disappear out into the corn out past the county line
Baby keep on, keep on swayin' to the back beat
Long as you're right here, right here beside me
You make the call, baby I don't care
We can take this anywhere.
Got the Kenwoods bangin' that rock 'n' roll.
Whisper to me baby, where you wanna go?
I can ride ya 'round town or drive ya down some old back road.
I love the way ya lean that seat back,
Steal my ball cap, pull it down over your blue eyes
Watchin' your hair fly out the window
Lettin' the night roll
And I can't wait to see where it goes.
