

# Kiss

Cole Swindell

[Verse 1]

Baby it was just one night  
One kinda just like this  
Maybe it was just one song  
But one I won't ever forget  
And maybe it was just one dance  
Out on the beach bar floor  
I had you there in my hands  
But let you slip out that door

[Chorus]

And girl I don't even know how to act now  
You can put all them other girls in the background  
I can only picture you  
A couple seconds felt more like an hour or two  
And I was all right, thought I was on to the next one  
I don't know why I can't forget one  
Little taste of your lips  
Well come on baby, tell me, tell me what you put in that kiss  
That got me all tore up like this  
A little summertime tease with a twist  
Never knew how much I'd miss, that kiss

[Verse 2]

And that pretty little small town smile  
That you put right there on mine  
Now I ain't got your number to dial  
Or I'd be callin' you every night  
Yeah your friends came runnin' up  
And you told me that you had to leave  
Girl you left me here with half a beer  
In the middle of a memory

Woah-oh-oh

[Chorus]

Girl I don't even know how to act now  
You can put all them other girls in the background  
I can only picture you  
A couple seconds felt more like an hour or two

And I was all right, thought I was on to the next one  
I don't know why I can't forget one  
Little taste of your lips  
Well come on baby, tell me, tell me what you put in that kiss  
That got me all tore up like this  
A little summertime tease with a twist  
Never knew how much I'd miss, that kiss

[Bridge]

Baby it was just one night  
One just like this  
No I ain't ever been right  
Ever since, that kiss, yeah

[Chorus]

Girl I don't even know how to act now  
You can put all them other girls in the background  
I can only picture you  
A couple seconds felt more like an hour or two  
And it was all right, thought I was on to the next one  
I don't know why I can't forget one  
Little taste of your lips  
Well come on baby, tell me, tell me what you put in that kiss  
That got me all tore up like this  
A little summertime tease with a twist  
Never knew how much I'd miss that kiss

Girl I don't even know how to act now  
Yeah, you can put all them other girls in the background

Come on, baby  
Tell me what you put in that kiss
