

Summertime

Noel Gourdin

Winter Coat, Gloves And Stockings, Temperatures Dropping
To And Fro Through Sleet And Snow Can't Wait To Get Home

'Cause When We Set It Off, The Clothes Come Off

And The Cold Don't Mean Nothing

It's Hot LiKe An Oven When We Get To Loving

You Keep That Soft And Warm

And It's Hot To Death,

But Your Body Makes Me Want To Do It Til I'm Out Of Breath

And We Soaking Wet, We Out The Storm

Up In This Room Let's Get It On

Just 'Cause It's Cold Out Side (Cold Outside)

And The Sun Ain't Shining (Shining)

That Don't Mean Me And You

Can't Get To Sweating Just Like It's Summertime

It Might Be Cold Out There

It's Hot As The Fourth Of July Up In Here

'Cause We Change The Weather

When We Get Together Baby,

Ohh Let's Make It Summertime

Making Love Over An Hour

Then We Lay Still Feeling A Chill

Wrapped Up In The Comfy Quilt

Making Body Heat When Bodies Meet

From Front To Back Think I Better Check The Thermostat

Bout To Pass Out Girl But I Ain't Mad

'Cause It's The Greatest Sex I Ever Had

And It's Hot To Death,

But Your Body Makes Me Want To Do It Til I'm Out Of Breath

And We Soaking Wet, We Out The Storm

Up In This Room Let's Get It On

Just 'Cause It's Cold Out Side (Cold Outside)

And The Sun Ain't Shining (Shining)

That Don't Mean Me And You

Can't Get To Sweating Just Like It's Summertime

Cold Out There (Cold Out There)

It's Hot Like The Fourth Of July Up In Here

'Cause We Change The Weather

When We Get Together Baby,

Ohh Let's Make It Summertime

Shivering And Shaking Not From The Cold
But From The Love We Making
It Could Be December If We Keep Kissing
We Gonna Need Some Air Condition
Gotta Fifth Of Bacardi Suck Of That Marly
Windows Are Foggy, Whoaa
And We Can Make Summer Where Ever We Go

Just 'Cause It's Cold Out Side (Cold Outside)
And The Sun Ain't Shining (Shining)
That Don't Mean Me And You
Can't Get To Sweating Just Like It's Summertime
It Migh Be Cold Out There (Cold Out There)
It's Hot Like The Fourth Of July Up In Here
'Cause We Change The Weather
When We Get Together Baby,
Ohh Let's Make It Summertime
