Joyner Lucas see it tatted on the shoulder blade (Yuh)

We done came from the projects you know who we are (You know who we are)
I'm fine and on top and that livin' in the sky (One more time)
Homie I'm just what you made me I'm a shooting star, shooting star (Woo)
Got a house on the hamptons and a million cars, million cars
We done came from the projects you know who we are (Yeah)
