

Maintain (feat. NAV)

Belly

[Intro]

Oh, you think you're fancy now? That uh, what is that on your wrist there, uh? That a Rolex?

(Git, git, git, git, git, git)[Chorus: Belly]

Bust down, Rollie, Audemaur, plain jane
Blow dank, pour drank, everyday same thing
'Cause we just out here tryna maintain
'Cause we just out here tryna maintain
Bust down, Rollie, Audemaur, plain jane
Blow dank, pour drank, everyday same thing
'Cause we just out here tryna maintain
'Cause we just out here tryna maintain

[Verse 1: Belly]

Look, we out there livin' with the same pain
My dogs bleed from the same veins
Don't come around if you can't hang
I'm everything that you lames ain't
A little change can't change me, 20 years with the same gang
20 years, no off days, no days off, and I maintain
Bowlin' crazy with the hang time (swish, swish), same time
Way back before Maybachs (skrtr, skrtr), I swear I always had the same drive (woo)
Pumpin' stuck off the mud, bucks pour up by the landslide
You ain't fly, you on standby, I got something that you can't buy
My older brother, call him rider man, my little brother had the vitamins
My baby brother, he been spazzin' lately
My mama happy, she been laughin' lately
First class, two tones, my queen need two thrones
Almost wound up in a group home, who's this? New phone

[Chorus: Belly]

Bust down, Rollie, Audemaur, plain jane
Blow dank, pour drank, everyday same thing
'Cause we just out here tryna maintain
'Cause we just out here tryna maintain
Bust down, Rollie, Audemaur, plain jane
Blow dank, pour drank, everyday same thing
'Cause we just out here tryna maintain
'Cause we just out here tryna maintain[Verse 2: NAV]

Hey, look, AP, bust down Rollie, plain jane
Me and Belly, XO, same team, same gang (woah)
Let my nuts and my chain hang (woah)
In the Mulsane havin' mood swings
30 millimeters ain't nothing, watch how my wrist and my neck bling
Stackin' up, countin' my blessings

Wedding bands ain't got no wedding (Woah, yeah)
I just spent a cool 60 on my wristwear (yeah)
Man, I want 10 plain janes, wanna be like Ric Flair (woo)
My blood diamonds cost me blood and sweat and tears (woo)
Now my mind and all my stones are crystal clear (yeah)
Fake watch busters, ain't never bustin' me (nope)
Everyone of my jewelers get paid, they trust in me (yeah)
Took a lean nap, had a dream 'bout a custom piece
I hit up Elliot, he said that he gon' get it done for me [Chorus: Belly]
Bust down, Rollie, Audemaur, plain jane
Blow dank, pour drank, everyday same thing
'Cause we just out here tryna maintain
(same thing)
Bust down, Rollie, Audemaur, plain jane
Blow dank, pour drank, everyday same thing
'Cause we just out here tryna maintain
(same thing) [Outro: Belly]
Look, yeah, yeah
