

Cyanide Sweet Tooth Suicide

Shinedown

[Verse 1]

She's a steel thrill suicide they say
Cyanide in her plastic veins
She's a mannequin of misery
She's on a bender, but she ain't gonna break, hey, hey
Tastes like sugar but it's Novocaine
She's grinding teeth so she can sharpen the pain

[Pre-Chorus]

White, lights
Train, wreck

[Chorus]

Black lips, pale eyes
Cyanide sweet tooth suicide
She's a killer, she's my
Cyanide sweet tooth suicide

[Verse 2]

Strychnine cerebellum feeds the brain
Hurricane in a violent rage, they say
She's a looker just like Anna Nicole, oh no
Fuck the silver, let's go straight for the gold, hey, hey
Digging deeper than a six foot hole
She's snorting cocaine through a suicide note

[Pre-Chorus]

White, lights
Train, wreck

[Chorus]

Black lips, pale eyes
Cyanide sweet tooth suicide
She's a killer, she's my
Cyanide sweet tooth suicide

[Bridge]

White, lights
Train, wreck

[Chorus]

Black lips, pale eyes
Cyanide sweet tooth suicide
She's a killer, my my
Cyanide sweet tooth suicide

[Outro]

Black lips (black lips), pale eyes (pale eyes)
Cyanide sweet tooth suicide
She's a zero, point five
Cyanide sweet tooth suicide
