Lonely

Illenium & Chandler Leighton

[Chorus]
Won't you let me love the lonely out of you, out of you?
Won't you let me love the lonely out of you, out of you?

[Verse 1]
If you only loved yourself
Don't take it out on someone else, ooh, ooh
If you knew what love was worth
It'd bring your head back down to earth, ooh, ooh

[Chorus]
Won't you let me love the lonely out of you, out of you?
Won't you let me love the lonely out of you, out of you?
[Drop]

[Verse 2]
You used to touch me like you never felt a thing
I was talking to myself when I thought you were listening
You could've left before, was it fun watching me bleed?
Were you taking your time when you left your scars on me?

[Chorus]
Won't you let me love the lonely out of you, out of you?
Won't you let me love the lonely out of you, out of you?

[Drop]

[Chorus]
Won't you let me love the lonely out of you, out of you?
Won't you let me love the lonely out of you, out of you?
