

# Dive In

## Trey Songz

Ooh I'm about to dive in ooh ooh  
I was thinking about taking a couple laps, I just wanna dive in  
Yeah, dive in, yeah-eah Splash, baby girl that's your water fall  
Feel it coming down on me, so crazy  
Yeah, girl I love the way your body talk  
Come a little closer just like that  
Keep on talking girl you got me Wanting to go deeper then you'll ever know  
Wanting to feel, the way you flow  
Ooh you got that look up in your eyes  
What we 'bout to do ain't no surprise  
I'm about to dive in  
Baby girl hold your breath  
We about to get so wet  
Swimming in your body, let me dive in  
You know ain't no running 'round this pool  
Going under just for you  
Baby you, watch me stroke  
Left stroke, right stroke  
Back stroke, girl there ain't no running 'round this pool  
Ooh I'm about to dive in  
Baby girl hold your breath  
We about to get so wet  
Put me to the test girl when I dive Drip, baby we don't need no towel  
I'mma be the one who rub your body now  
Won't drown ain't even coming up for air now  
I just keep my head down (down, down)  
Swim for days, I can doggy paddle all kind of ways  
Girl you got me .  
Wanting to go deeper then you'll ever know  
Wanting to feel, the way you flow  
Ooh you got that look up in your eyes  
What we 'bout to do ain't no surprise I'm about to dive in  
Baby girl hold your breath  
We about to get so wet  
Swimming in your body, let me dive in  
You know ain't no running 'round this pool  
Going under just for you  
Baby you, watch me stroke  
Left stroke, right stroke  
Back stroke, girl there ain't no running 'round this pool  
Ooh I'm about to dive in  
Baby girl hold your breath

We about to get so wet  
Put me to the test girl when I diveSubmerged inside your world, so deep inside you girl  
Beautiful place to be, so soak and wet and girl it's made for meI'm about to dive in  
Baby girl hold your breath  
We about to get so wet  
Swimming in your body, let me dive in  
You know ain't no running 'round this pool  
Going under just for you  
Baby you, watch me stroke  
Left stroke, right stroke  
Back stroke, girl there ain't no running 'round this pool  
Ooh I'm about to dive in  
Baby girl hold your breath  
We about to get so wet  
Put me to the test girl when I dive
