Ruin My Weekend

Jordan Davis

It could be a barstool in a neon glow
Three in on a patio
Just singin' along to a cover band with Pearl Jam comin out of them speakers
Downtown on a rooftop high
Whatever I got going tonight
Baby with the call you can wreck 'em all like a wrecking ballYou can ruin my weekend
Blow up all of my plans
Get these headlights headed
Down the road 'til I'm right there holdin' your hand baby
You know I be dropping everything on a dime if you want me to
Any good time I got goin' ain't as good as you
You can ruin my weekend
Whenever you want to
Yeah so, go ahead send a text my way
Baby I'll go MIA
With you in the blink of an eye say the word and I'll be leavin'
No, don't feel bad about it
Its your finger that I'm wrapped around
Go on and do what I want you to, baby right on queueYou can ruin my weekend
Blow up all of my plans
Get these headlights headed
Down the road 'til I'm right there holding your hand baby
You know I be dropping everything on a dime if you want me to
Any good time I got goin' ain't as good as you
You can ruin my weekendYou can mess 'em up
Anytime you want
Send 'em up in flames in the best way
Yeah, I love gettin' tangled up
All alone with you so bring it on baby
You can ruin my weekend
Blow up all of my plans
Get these headlights headed
Down the road 'til I'm right there holding your hand
You know I be dropping everything on a dime if you wanted to
Any good time I got goin' ain't as good as you
You can ruin my weekendWhenever you want to
Whenever you want to
Whenever you want to
Whenever you want to
Just whenever you want to
Whenever you want to

Whenever you want to
