

# Down On My Knees

## Bread

I've told you before  
Don't you hear what i say?  
I won't take it no more  
no more making me stay Down on my knees  
You know i'm down on my knees, yeah  
Yes i've been down on my knees, but i'm through begging please  
I wont get back on my knees, yeah Nobody knows what your putting me through  
Nobody knows if it's worth it for you  
Nobody sees you got me down on my knees, yeah  
Well i've been down on my knees, well I'm through begging please  
don't put my back on my knees, yeah  
You know that i always loved you  
Never placed myself above you  
Don't let me go with my ways that i could  
Don't tell me no with my ways that you would Down on my knees  
You've brought me down on my knees, yeah  
Well i've been down on my knees, but I'm through begging please  
don't put me back on my knees, yeah You know how i always loved you  
There's no time that i have tried to place myself above you  
Down on my knees  
You know that i'm down on my knees, yeah  
Well i've been down on my knees, but I'm through beggin' please  
don't put me back on my knees, yeah  
Ya i've been down on, but I'm through begging please  
don't put me back on my knees. . . . .
