

# The Devil Named Music

Chris Stapleton

[Verse 1]

We drove all night to Billings, Montana  
Flew into Utah, slept there all day  
I can't remember stopping in Denver  
Yeah, I live my illusion that somebody needs me to play

[Chorus 1]

Sometimes I'm drunk  
Sometimes I'm stoned  
And yes, I get tired of being alone  
I miss my son  
I miss my wife  
But the devil named music is taking my life

[Verse 2]

Now I sold my soul a long time ago  
I put it in a six string and a sad melody  
And I'm sometimes a winner, most times a loser  
If the crowd gets into it, it'll all feel the same way to me

[Chorus 2]

Sometimes I'm drunk  
Sometimes I'm stoned  
And yes, I get tired of being alone  
I miss my daughter  
I miss my wife  
But the devil named music is taking my life

[Chorus 1]

Sometimes I'm drunk  
Sometimes I'm stoned  
And yes, I get tired of being alone  
I miss my son  
I miss my wife  
But the devil named music is taking my life

[Chorus 2]

Sometimes I'm drunk  
Sometimes I'm stoned  
And yes, I get tired of being alone

I miss my daughter  
I miss my wife  
But the devil named music is taking my life  
  
But the devil named music is taking my life
