

# Royalty

## Young Dolph

Royalty, yeah Royalty, Royalty, Royalty  
Number made me a winner  
Treat all of my niggas like Royalty (my brothers)  
And all of my bitches they loyal to me (yeah)  
Aye aye yeah Royalty, (kings) Royalty, Royalty, Royalty, Royalty  
Treat all of my niggas like Royalty (woooo)  
And all of my bitches they loyal to me My lil bitch just asked me Dolph what do you need your  
highness  
Just spent 100 with TV Johnny just on Diamonds, (bling)  
Another 60 with Elliot for perfect timing  
Too much money in front of me put bullshit behind me  
Hear no evil, see no evil, just see dead prez  
My boys stupid with the choppers, young dread heads  
Nah I ain't coming to america, I'm coming to California  
All my bitches loyal to me thats how I got my diploma  
Versace robe, Go Cartier  
I do what I want with this shit like Kanye  
I only drink syrup, no Bombay  
I knew I was gone do this shit one day  
You get too much money, then they get afraid  
My great great grandad was a slave  
They start to hate on you when you get paid  
Fuck it, I guess thats the price that you pay  
Royalty, yeah Royalty, Royalty, Royalty  
Number made me a winner  
Treat all of my niggas like Royalty (my brothers)  
And all of my bitches they loyal to me (yeah)  
Aye aye yeah Royalty, (kings) Royalty, Royalty, Royalty, Royalty  
Treat all of my niggas like Royalty (woooo)  
And all of my bitches they loyal to me My trap house is my castle, my bitch my trap queen  
I ain't seen a crack fiend yo bitch look like a drag queen (what the fuck)  
I bust down 2 milli in 20's and put it in the wall (racks, racks)  
I told all my bitches can't get in my car with no draws  
I wanna fuck bad but sorry i can't put it in raw  
Me and my lil nigga just put at the mall  
I'mma dog, a dog, a motherfuckin' dog  
I'mma ball till I fall and I ain't fuckin' with y'all  
All my niggas wear crowns, all my niggas bossed up  
All my niggas got bad bitches don't none of us give a fuck  
I'm always on the way to get the way don't never ask me where I'm going  
Fell asleep on a jet, woke up in a foreign  
Royalty, yeah Royalty, Royalty, Royalty

Number made me a winner  
Treat all of my niggas like Royalty (my brothers)  
And all of my bitches they loyal to me (yeah)  
Aye aye yeah Royalty, (kings) Royalty, Royalty, Royalty, Royalty  
Treat all of my niggas like Royalty (woooo)  
And all of my bitches they loyal to me
