

May We Bang You

Parliament

May we bang you
(On the one with a bang)
Baby, let me big bang you Hot plasma in the vein
(We want to bang you)
May we big bang you
(On the one with a bang) Baby, let me big bang you
Bang, bang
We really would just like to turn you on
(Oh)
Turn you on
(Bang)
Can I be your favorite firecracker?
Bang, bang
We really would just like to turn you on
Not your average kind of cherry bomb There's gonna be a musical explosion
Glory be, the one that blows your mind
There's gonna be universal knocking
