

# Had Enough

## Lifehouse

Loneliness  
Pacing up and down these hallways  
Second guessing every thoughtMystified  
Just spinning 'round in circles  
Drowning in the silent screaming  
With nothing left to sayEvery time I reach for you  
There's no one there to hold on to  
Nothing left for me to miss  
I'm letting go, letting go of thisLost my mind thinking it through  
The light inside has left me too  
Now I know what empty is  
I've had enough, had enough of this  
I believe  
That love should be a reason  
To give and get back in returnI wanna breathe  
In a new beginning  
With someone who will wrap her arms  
Around what's left of meEvery time I reach for you  
There's no one there to hold on to  
Nothing left for me to miss  
I'm letting go, letting go of thisLost my mind thinking it through  
The light inside has left me too  
Now I know what empty is  
I've had enough, had enough of thisInside I'm barely holding on  
There's something that's already gone  
Inside of me the world is in this all alone  
Every time I reach for you  
There's no one there to hold on to  
Nothing left for me to miss  
I'm letting go of thisLost my mind thinking it through  
The light inside has left me too  
Now I know what empty is  
I've had enough, had enough of thisEvery time I reach for you  
There's no one there to hold on to  
Nothing left for me to miss  
I'm letting go, letting go of thisLost my mind thinking it through  
The light inside has left me too  
Now I know what empty is  
I've had enough, had enough of this  
I've had enough, had enough of this
