

Trap (feat. Lil Baby)

SAINT JHN

Hey, hey, hey
Hey, hey, heya
(Fallen)Only love a real nigga
Ever knew was trap,
I trap, I trap
Really came up from the mat,
No turnin' back
Only love a real nigga ever
Knew was trap,
That's fact, that's fact
Really came up from the mat,
No turnin' back
Only ever a real nigga ever knew is
Trap, she do licks,
She the one I forget
She do coke, she do blow
She do dope, make a list
This the life, don't forget
Sober nights, make it lit
She the one, you the one,
I'm the one, what a trip
I ain't never tellin' lies,
Cross my heart and hope to die
If it's real, it's real forever,
Maybe never testify
Put the pedal to floor,
Look the devil in the eye
If you tell me that you love me,
Promise not to change your mind
Pillow sleepin' in the middle tonight,
With the beds turned and
I will you turn on the light
Wish you furs for the winter,
Wish you champagne on ice
Middle fingers to the policeOnly love a real nigga
Ever knew was trap,
I trap, I trap
Really came up from
The mat, no turnin' back
Only love a real nigga ever
Really knew was trap,
That's fact, that's fact

Really came up from
The mat, no turnin' back
Only ever a real nigga ever knew ITrap, only thing we ever
Had to do was trap
I was breaking down
Bales and now switched
It with rap
Shawty was the man,
Like damn nigga, what happened?
I'mma keep throwing
The the money,
As far as I ever see
Had to keep my double-cup,
Feel like it was killin' meI was sittin' in the spot,
Ain't never missed a beat
If I'm feelin' in my heart,
I'mma put it on a beat, like
Runnin' down home, don't trip
Make sure your whole clip fit
Know it was hard even
Tryna survive this bullshit
I'm a part of my niggas,
We all gon' get rich
Still remember sellin' 2-for-5
Now I have a million dollar ride
Still be havin' thoughts about the guy(Only love a real nigga ever knew I)Pillow sleepin' in the
middle tonight,
With the beds turned and
I will you turn on the light
Wish you furs for the winter,
Wish you champagne on ice
Middle fingers to the policeOnly love a real nigga
Ever knew I trap,
I trap, I trap
Really came up from
The mat, no turnin' back
Only love a real nigga ever
Knew was trap,
That's fact, that's fact
Really came up from
The mat, no turnin' back
Only love a real
Nigga ever knew was
