

# All We Are

## OneRepublic

I tried to paint you a picture, the colors were all wrong  
Black and white didn't fit you and all along,  
You were shaded with patience, your strokes of everything  
That I need just to make it, but I can see that...Lord knows I failed you time and again,  
But you and me are alright We won't say our goodbyes  
You know it's better that way  
We won't break, we won't die  
It's just a moment of change All we are, all we are is everything that's right  
All we need, all we need, a lover's alibi, yeah.  
I walked a minute in your shoes -  
They never would've fit  
I figured there's nothing to lose.  
I need to get  
Some perspective on these words before I write them down  
You're an island and my ship has run aground. Lord knows I'll fail you time and again,  
But you and me are alright, yeah. We won't say our goodbyes  
You know it's better that way  
We won't break, we won't die  
It's just a moment of change All we are, all we are is everything that's right  
All we need all we need, a lover's alibi Every single day that I can breathe,  
You change my philosophy  
I'm never gonna let you pass me by  
So don't say your goodbyes  
You know it's better that way  
We won't break, we won't die  
It's just a moment of change, yeah, ooh, ooh. So don't say your goodbyes  
You know it's better that way  
We won't break, we won't die  
It's just a moment of change. All we are, all we are is everything that's right  
All we need, all we need, a lover's alibi, yeah, ooh, ooh. So don't say our goodbyes  
You know it's better...  
We won't break, we won't die (Ooh, ooh, ooh, ooh-whoa, ahh, ahh, ooh, ooh-ooh)  
(Won't die, won't die this time  
Won't die, won't die, oh...)
